

WHAT TO DO WHEN BOYNTON PHARMACY IS CLOSED

Options are available for students enrolled in the Student Health Benefit Plan who need a new and urgent prescription when Boynton Pharmacy is closed (after 4:30pm on weekdays, Saturday and Sunday and University holidays).

Only new/urgent prescriptions can be filled at these alternate pharmacies, during the hours indicated below.*

Refills and maintenance medications still need to be filled at Boynton Pharmacy. We are excited about our new partnership with Fairview, but to keep insurance costs low for students, this benefit only covers newly prescribed medications that need to be filled outside of Boynton Pharmacy's hours of operation.

You must present your U of MN Student Health Benefit Plan ID card for coverage.

If you do not have your card, you will have to pay full price for the medication and submit your receipt to the Office of Student Health Benefits for reimbursement. Your reimbursement will not include the prescription copay (\$15 for generics and \$25 for brands). You will only be reimbursed for prescriptions filled when Boynton Pharmacy is not open and for medications that are covered on the Student Health Benefit Plan formulary (see shb.umn.edu/students-and-scholars/shbp-pharmacy-benefits).
